```

Verse 1

```
Em     G/B     C     D   G/B  C       Em    G/B  C   D    G/B  C
 She is something to behold, elegant and bold
Em     G/B   C   D  G/B      C       Em    G/B  C   D    G/B  C
 She is electricity running through my soul,            ohh
 C               |D                |                 ||

-3-----3-----3---|5-----5-----5----|-----------------|
-----------------|-----------------|-----------------|
```

Chorus

```
   Em             D                G                  C
And I could easily lose my mind, the way you kiss me will work each time
  -----------------|----------------|-----------------|-----------------|

  -----0-----0---0-|----0-----0---0-|-----0-----0---0-|----0-----0---0---|
  -----------------|----------------|-----------------|-----------------|
  -7-----7-----7---|5-----5-----5---|2-----2-----2----|3-----3-----3-----|
  -----------------|----------------|-----------------|-----------------|
```

```
Em                D                   G            C
Calling me to come back to bed singing Georgia on my mind        C*
    Em    D     G     C     Em    D     G     C*              (A)-3~----|
And I,                   And I                                (E)-------|

Verse 2
Em    G/B   C       D        G/B      C        Em     G/B  C   D     G/B  C
 Lips generous and warm, you build me up like steps
Em    G/B  C        D     G/B       C        Em     G/B  C   D     G/B  C
 Eyes innocent and wild remind me what it's like,           ohh,  whoa

  C    D

Chorus
     Em              D                 G                    C
And I could easily lose my mind, the way you kiss me will work each time
  Em                D                     G                    C
Pulling me back into the flames and I'm burning up again, I'm burning up
   Em     D                         G            C
And I, I never understood what was at stake, I never thought your love was worth
      Em          D                                  G                C          C*
It's wait, well now you've come and gone I finally worked it out, I worked it out
```

```
Bridge
C                                                **  C   D   Em   G
 I never should have told you                        -----------------
D                                                    -5---7---8---12--
 I never should have let you see inside              -0---0---0---0---
Em                                                   -----------------
 Don't want it troubling your mind                   -3---5---7---10--
G                                                    -----------------
 Won't you let it be?

C                               D
 I never should have told you; I never should have let you see inside
Em                                  G
 Don't want it troubling your mind; won't you let it be?
C                               D
 I never should have told you; I never should have let you see inside
Em                                  G
 Don't want it troubling your mind; won't you let it be?
C                               D
 I never should have told you; I never should have let you see inside
Em                                  G
 Don't want it troubling your mind; won't you let it be?
```

Interlude

```
 Em              |D                |G/B              |C                 |

```

Chorus

```
     Em              D                 G                    C
 And I could easily lose my mind, the way you kiss me will work each time
  Em                D                     G                    C
 Pulling me back into the flames and I'm burning up again, I'm burning up
    Em     D                         G            C
 And I, I never understood what was at stake, I never thought your love was worth
       Em          D                                  G                C
 It's wait, well now you've come and gone I finally worked it out, I worked it out

Outro     Em    D    G    C    Em    D    G    C*
          ooh   aah  ohh  ohh   ooh  aah  ohh  ohh
```
